

Imprint Information for Fisher Pens

We can provide imprinting, engraving, and special emblems on some of the Fisher pens. The following is a description of the requirements for the various processes. In the case of the #400 model, most of the variations on the 400 model can be engraved as well as the basic #400 bullet pen. Hint: Laser engraving works best on black or colored pens and is not recommended for chrome pens because it is difficult to see. The insignia of the Air Force, Navy, Marines, Army or Coast Guard are available on black bullet pens by Laser engraving. The setup charge is not required for pens that are already in stock with these insignia.

<u>Process</u>	<u>Pens</u>	<u>Requirements</u>
<u>Hot Stamping</u>	#251, #775, R80	Plastic barrel imprint only. Allow 4 weeks from receipt of camera ready artwork. \$50.00 on time set-up charge. Additional per pen charge of \$0.10. Set-up and per pen charge waived on orders of 200 pens and more.
<u>Silkscreening</u>	#251, #775, R80, #400Cap	Barrel imprint only (#400 cap). Allow 4 weeks from receipt of camera ready artwork. \$50.00 one time set-up charge. Silkscreening of metallic gold and silver not available.
<u>Laser Engraving</u>	#400, #AG7, #CH4, #M4, #M5, Insignia	Allow 6 weeks from receipt of camera ready artwork. \$100.00 one time set-up charge. Additional per pen charge of \$1.00.
<u>Individual Name Engraving</u>		Allow 2 weeks from receipt of order. Additional per pen charge of \$1.50 per line per pen.
<u>Special Emblems</u>		Attached to barrels or clips of pens. Allow 12 weeks from receipt of camera ready artwork. \$200.00 one time set-up charge. Additional per pen charge of \$2.00.
